PLASTIC BAG CAMPAIGN

A photo competition through social media to support government green programs. Themed "Reducing plastic waste", hopefully this campaign will change the customer habits.

CARE TO SHARE

Environment action should also consider the balance of aquatic ecosystem. Supporting a million fish scattering program, held on Tasikardi lake with SD Pamarijan students. In the same time, we also give a school facilities equipment and share some journalism skill to them.

HERO GREENSPIRING MOVEMENT

HERO Greenspiring Movement adalah program yang digagas HERO Group sebagai salah satu aksi nyata untuk mendukung kebijakan pengurangan penggunaan kantong plastik. Melalui program ini, HERO Group ingin mengedukasi dan mengajak konsumennya untuk lebih peduli kepada lingkungan mulai dari diri sendiri dan hal kecil. Rangkaian acara yang dilakukan antara lain talkshow peduli lingkungan melalui pengelolaan sampah, pembagian kantong recycle, dan *shopping challenge* yang mensosialisasikan bahwa belanja minim sampah itu mungkin dilakukan.

GIANT PEDULI BRANTAS (GIRAS)

Melalui unit bisnis GIANT, HERO Group tergerak untuk melakukan aksi peduli lingkungan untuk menjaga kelestarian wilayah hulu Sungai Brantas, Batu, Jawa Timur, yang dinamakan dengan program "Giant Peduli Brantas (GIRAS)".

Sebagai sungai terpanjang kedua di Jawa Timur yang mengairi 15 kota dan kabupaten di Jawa Timur, termasuk wilayah-wilayah dimana berdirinya 26 gerai Giant di Jawa Timur. Sungai Brantas yang terletak di Desa Sumber Brantas, Kecamatan Bumiaji, Kota Batu, memiliki permasalahan alih fungsi hutan yang salah satunya berdampak kepada debit air hulu sungai tersebut.

Kegiatan yang diimplementasikan dalam program yang diluncurkan pada 2 Juni 2016 ini adalah reforestasi hutan, pembangunan fasilitas umum (MCK, tandon air minum dan bronjong kawat), pembuatan jalan setapak ke lokasi Hutan Pendidikan, pembangunan 4 gazebo dan 1 pos pantau, dukungan pembibitan, pembinaan dan pendampingan petani binaan, serta pemberdayaan masyarakat melalui beberapa aktivitas lainnya.

Melalui gerakan GIRAS ini, HERO Group mengajak masyarakat untuk turut serta dalam program yang akan dijalankan selama 2 tahun kedepan melalui keterlibatan aktif pada kegiatan yang akan dilakukan setiap 3 bulan sekali.

CARE TO SHARE

Kegiatan peduli lingkungan tidak hanya difokuskan pada ekosistem darat saja melainkan juga perairan. Bertajuk HERO GREEN ACTION: CARE TO SHARE, kegiatan edukatif yang melibatkan murid-murid SDN Pamarican 2 menyebarkan puluhan ribu ikan di Danau Tasikardi, Serang, Banten.

Tidak hanya dalam aksi kepedulian lingkungan, Kegiatan yang bekerjasama dengan Jurnalis Joran Indonesia (JOJONERS) ini juga memberikan pelatihan pendidikan informal pelatihan jurnalistik dan pengenalan pola hidup bersih dan sehat, serta pemberian bantuan alat penunjang pendidikan berupa komputer dan infocus kepada SDN Pamarican 2, Banten.

Kegiatan sebar puluhan ribu ikan bertujuan sebagai upaya mitigasi penurunan populasi akibat padat tangkap atau tingkat pemanfaatan yang berlebihan yang kerap dijadikan lokasi pemancingan bagi warga sekitar juga para pendatang. Benih-benih ikan yang disebar adalah ikan mas, patin dan lele yang merupakan spesies endemik di Danau Tasikardi.

KOMPETISI FOTO PENGURANGAN KANTONG PLASTIK

Untuk mendukung Hari Peduli Sampah Nasional dan sebagai upaya mewujudkan Indonesia Bersih dari Sampah 2020, HERO Group mengadakan kegiatan kompetisi foto bertemakan “Pengurangan Kantong Plastik” melalui media sosial. Kompetisi ini bertujuan untuk meningkatkan kesadaran konsumen untuk mulai mengurangi penggunaan plastik dalam kehidupan sehari-hari. Kompetisi yang diikuti langsung oleh konsumen Giant dan Hero Supermarket ini, berhasil mengumpulkan 403 peserta.

GREEN COMMUNITY

Mendukung pemerintah dalam upaya mewujudkan Indonesia Bersih dari Sampah 2020, HERO Group melalui program Green Community memberikan bantuan alat-alat kebersihan untuk mendukung kebersihan lingkungan di Jurang Mangu Barat. Kegiatan yang dihadiri oleh Walikota Tangerang Selatan Airin Rachmi Diany ini, meliputi pemugaran pada lokasi di salah satu sudut area Jurang Mangu Barat yang sebelumnya penuh sampah, telah berubah menjadi taman kecil.

Di tahun berikutnya, HERO Group menyerahkan lebih dari ratusan tanaman hias, serta peralatan kebersihan untuk penghijauan area Polsek Pondok Aren, Tangerang Selatan.

BIOGAS

Limbah organik adalah barang yang dianggap sudah tidak terpakai dan dibuang oleh pemilik/pemakai sebelumnya, tetapi masih bisa dipakai jika dikelola dengan prosedur yang benar. Guna mendukung program gaya hidup yang bersahabat dengan lingkungan (Go Green) dan menjadi salah satu bentuk dari pengelolaan sampah (waste management), tim

Facility Management HERO Group mengembangkan sebuah alat yang berfungsi sebagai pengolahan limbah untuk dijadikan Biogas. Pilot project penerapan biogas dilakukan di Giant Taman Yasmin, dengan berhasil merubah rata-rata setengah ton sampah organik setiap minggunya. Energi yang dihasilkan kemudian dipergunakan untuk kebutuhan bahan bakar memasak di kantin UKM secara cuma-cuma.

STORE GREEN ACTION: PENGHIJAUAN SEKOLAH

Kepedulian HERO Group terhadap lingkungan kembali diwujudkan dalam aksi giat lingkungan yang kali ini bertujuan untuk menghijaukan sekolah yang berada di sekitar toko HERO Supermarket dan Giant. Melibatkan 33 toko yang tersebar di seluruh Indonesia, kegiatan yang dilakukan di sekolah meliputi kegiatan bersih lingkungan, penanaman pohon, pemberian bibit, pemberian tanaman apotek hidup, dan dukungan peralatan kebersihan. Karyawan toko turut serta secara langsung untuk bersama-sama dengan murid dan pengelola sekolah melakukan aksi ini. Melalui kegiatan ini kami harapkan murid dapat memahami arti pentingnya menjaga kelestarian lingkungan sejak dini.

STORE GREEN ACTION: KERJA BAKTI MASSAL

Store Green Action berupa kerja bakti massal dilakukan serentak di 88 toko HERO Group yang tersebar di Indonesia, bertepatan dengan Hari Lingkungan Hidup Sedunia melalui aktivitas kerja bakti membersihkan wilayah pemukiman warga sekitar yang dilakukan oleh seluruh jajaran staf toko, sebagai upaya untuk menjaga kelestarian lingkungan.

Environment action should also consider the balance of aquatic ecosystem. Supporting a million fish scattering program, held on Tasikardi lake with SD Pamarijan students. In the same time, we also give a school facilities equipment and share some journalism skill to them.

HERO GREENSPRING MOVEMENT

HERO Greenspiring Movement is an environmental program that initiated by HERO Group as one real action to support plastic reduction policy. Through this program, HERO Group willing to educate and encourage its customers to be more aware and care of the environment start from themselves and start from little things. This program contains of environmental talkshow, recycle bag distribution, and shopping challenge in order to create more awareness that shopping with minimum waste is possible to do.

GIANT PEDULI BRANTAS (GIRAS)

Through GIANT business unit, HERO Group take action to environmental care for preserving the upstream ecosystem of Brantas River in Batu, East Java, with the program called "Giant Peduli Brantas (GIRAS)".

As the second longest river in Jawa Timur, which irrigates 15 cities and regencies in East Java, including areas where the establishment of 26 Giant stores in East Java. Brantas River located in Sumber Brantas, Bumiaji, Kota Batu, have some concerns over the functions of the forest, which affecting the water flow upstream of the river.

Activities implemented in the program, which was launched on June 2, 2016, such as reforestation, public facilities support, the footpath of Education Forest, construction of 4 gazebo and 1 monitoring post, seed & plant support, coaching and training for farmers, and community empowerment through several other activities.

Through GIRAS movement, HERO Group invites public and communities to participate (voluntary) in the program that will run over the next 2 years through active involvement in every 3 months.

CARE TO SHARE

Environmental awareness activities are not only focused on terrestrial ecosystems but also on the waters. Titled HERO GREEN ACTION: CARE TO SHARE, an educational activities that involves the students of SDN Pamarican 2, scattering tens of thousands of fish seeds in Tasikardi Lake, Serang, Banten.

Not only in the action of environmental awareness, this collaboration activities with Indonesia Joran Journalist (JOJONERS) also provide informal education training and the introduction of clean lifestyle and healthy, as well as the donation of computers and infocus to SDN Pamarican 2 Banten.

The fish scattering activities aims to help the mitigation of declining population as a result of solid catch or excessive utilization, that are often used as the fishing location for local residents as well as newcomers. The fish seeds we scatter are carp, iridescent shark and catfish that are endemic species in Danau Tasikardi.

CUSTOMER PHOTO COMPETITION: PLASTIC BAG REDUCTION

To support the National Waste Care Day and as an effort to Indonesia Free of Waste in 2020, HERO Group held the photo competition for customer entitled "Plastic Bag Reduction" through social media. The competition aims to raise awareness of customers to begin to reduce the use of plastic in everyday life. The competition was followed directly by customers of Giant and Hero Supermarket, and managed to collect 403 participants.

GREEN COMMUNITY

Support the government in an effort to realize Indonesia Free of Trash 2020, HERO Group through the Green Community provides cleaning tools to support environmental hygiene at West Jurang Mangu. Event was attended by South Tangerang Mayor Airin Rachmi Diany, including the restoration of one corner in West Jurang Mangu area, which previously full of garbage, has been turned into a small park.

In the following year, HERO Group handed over hundreds of ornamental plants, as well as hygiene kits to greening the area in Pondok Aren Police Sector.

BIOGAS

Organic waste is items that are considered broken and discarded by the owner / user, but can still be used if it is managed with the right procedure. To support the lifestyle program that is friendly to the environment (Go Green) and became one of the forms of waste management, Facility Management team of HERO Group develop a tool that serves as the processing of waste to be used as biogas. Biogas pilot project conducted in Giant Taman Yasmin, to succeed in changing the average half tons of organic waste every week. The energy produced is then used to fuel the needs of SMEs cook in the cafeteria for free.

STORE GREEN ACTION: SCHOOL GREENING

HERO Group concern for preserving the environment is realized again through environment actions with school community around HERO Supermarket and Giant stores. Involving 33

stores across Indonesia, the activities carried out in school activities includes cleaning the environment, tree planting, seeds support, pharmacies plant support, and cleaning equipment support. Together with students and school teachers, our store employees participating directly to perform this action with them. Through these activities we hope students as young generation will understand the importance of protecting the environment from an early age.

STORE GREEN ACTION: MASS COMMUNAL WORK

Store Green Action through mass communal work were carried out simultaneously in 88 stores scattered in all HERO Group in Indonesia, coinciding with World Environment Day through community work activity to clean the area around the residential area is done by all the staff of the store, in an effort to preserve the environment.
